

MISS FIELDING'S MONDAY MINUTE

Dear Eagles,

This week is Digital Citizenship Week! There are five words that we want students to know in order to be internet awesome. Remember, be SMART when posting online to ensure that what you are posting is kind and responsible. Always be ALERT when working online to ensure you're staying safe and private. It is crucial to have STRONG passwords to help keep your information safeguarded. It is important to ensure that we make good choices to keep bully behavior away; always be KIND when interacting online. Getting online is a big responsibility. If you ever come across anything questionable or uncomfortable, remember you are BRAVE, bring it to a trusted adult to ask questions and get support. When we do these things, Silver Mesa Eagles are Internet Awesome!

Career Day

Today is the last day to sign up for Career Day. Thank you to everyone who has already signed up. We need just two more parents to fill all the classes. Here's the link if you can help out:

Emergency Substitutes

Are you interested in substituting at Silver Mesa but don't want to be called to sub in other schools? We call that an emergency sub—people we can call on when a substitute is needed but are not listed on the district substitute list. Please call the front office if you are interested or if you want more information.
