School Safety and Digital Citizenship Report

Drop off and pick up has been better this year. We will shift focus towards distributing emergency preparedness procedures to parents. Looking into what is the best way to do that either monthly or in a one sheet handout. Also, will focus on COVID procedures and explaining the quarantine process. SCC will help with reinforcing the importance of the parents providing teachers with the emergency comfort kits for their students.

School Happenings

Volunteers – Volunteers will continue to be very limited and will re-evaluate as needed.

Emergency Drills – Drills are still happening just in a modified way because of COVID.

Faculty and Staff positions – New resource teacher has started: Shaeli Bettridge.

Learning Options – Nov 23rd will start the new semester.

Teacher training – Teachers are using a new EDU app that allows them to be more mobile while teaching which seems to be working well. Teachers are continuing training on the 95% Group, Dreambox and Lexia.

To do:

√ Julie will look into how to deliver the Emergency Procedure to parents.
